## ASCA CLASSES

**REGULAR class:** The ASCA Regular class will consist of a designated sequence of 14-20 ASCA approved obstacles. Clean runs within the standard course time are awarded 10-point qualifications. Runs that do not accumulate more than five time and course faults qualify.

Qualifying runs with no faults receive 10 points; runs with no more than five faults receive 5 points.

**JUMPERS class:** The ASCA Jumpers class is primarily composed of single jumps, but may also include one double bar jump, the tire jump, one closed tunnel (chute), and/or open tunnels. The course consists of 12-20 obstacles. Speed is of essence in the Jumpers class, and teams must have a clean run with no time faults in order to qualify. Qualifying runs receive 10 points.

**GAMBLERS class:** The ASCA Gamblers class is the "Old-Style Gamblers" with point accumulation period, immediately followed by a gamble sequence. Qualifying runs receive 10 points.

**Accumulation Period.** All dogs are allowed 30 seconds in the accumulation period. Each type of obstacle is assigned a point value and teams must accumulate a minimum number of points in the accumulation period (Novice-15 pts, Open 18-pts, Elite-21 pts). During the accumulation period the handler directs the dog over a course determined by the team. The dog may not perform the gamble sequence or any segment of the gamble sequence in order; however they may perform the obstacles individually or in the reverse sequence. Note that if a bar on a gamble obstacle is knocked down during the point accumulation period, the dog cannot receive credit for performing the gamble sequence.

**Gamble Sequence:** The Gamble sequence is composed of 4 required obstacles and sometimes a 5<sup>th</sup> optional obstacle. The gamble period begins immediately at the end of the accumulation period. In the gamble period, dogs must perform the 4 obstacles in the designated sequence within the designated time, with handlers remaining behind a "gamble line". Teams will not qualify if the handler crosses the gamble line or if a bar is dropped during the performance of the gamble. For more information on ASCA classes, please refer to the ASCA Agility Rules & Regulations at [www.asca.org](http://www.asca.org)

**From the ASCA® Agility Rule Book:**

**3.2.1 Novice Level (Pg 21)** The Novice level is the first entry level for every class. The Novice level is for any dog which has not yet earned an ASCA title in a particular class. The purpose of dividing any class level into A/B categories is in the fairness of competition. If the dog and handler are just beginning Agility competition, they should compete in the Novice A category. If the dog or handler has previously earned a Regular Agility Standard - Novice (RS-N) title, a Gamblers Agility Standard - Novice (GS-N) title, or a Jumpers Agility Standard - Novice (JS-N) title or any of the equivalents from any international style agility association, then they must enter in the Novice B category for that particular class. All ASCA Agility Judges must compete in the B category if offered by the Host club. The Gamblers classes and Jumpers classes may or may not be divided into A/B categories at the discretion of the Host club, based upon the estimated number of entries. The Regular Agility class shall always be divided into A/B categories at the Novice Level.

**3.3.2 Veteran Dog Division (Pg 22)** The Veteran Dog Division is open to any dog age seven (7) or older. The dog's age shall be determined by the dog's actual birthday or the closest date as known. Dogs entered in the Veteran Dog Division classes will jump 4" (10.2 cm) lower than their standard jump height. Course times for dogs entered in the Veteran Dog Division of the Regular Agility and Jumpers classes shall be 10% greater than the SCT for the Standard Division.

### **NOTICE TO EXHIBITORS**

**This trial is open to all dogs** being at least eighteen (18) months of age, including purebred and non-purebred, except bitches in season, dogs suffering from any deformity, injury or illness that may affect the dog's physical or mental performance, or dogs exhibiting any signs of aggression towards people or other dogs. Dogs are not required to have an ASCA Registration, ASCA LEP, or QTracking number to enter this trial. Handlers do not need to be ASCA members. However, **ASCA requires registration of all non-ASCA registered dogs** in order to record and track these dogs for ASCA titles. If you wish to have your qualifying scores

recorded and receive ASCA titling certificates, you must register your dog and become a service member of ASCA at the time of registration. We will have forms available at the trial, you can get a form on the ASCA website.

<http://www.asca.org/wp-content/uploads/2016/04/trackapp.pdf>

**Dogs are NOT allowed to wear collars in ASCA Agility. No leads, collars, food, toys, clickers, other aids or devices will be permitted on the course or within 10 feet of the ring at any time.** The only exception to this is leading your dog to the start on leash and leaving the ring on leash. Any dog which demonstrates aggression towards any person or any dog, whether inside or outside the ring, must be excused from the agility trial. Any dog which the judge feels is not in enough control to perform all obstacles in a safe manner will be excused from the agility trial.

Safety shall always be of foremost consideration in actions and conduct by handlers at all times. THE MANAGEMENT will not be responsible for the loss or damage to any dog exhibited, or for the possessions of any exhibitor whether the result was by accident or any other cause. It is distinctly understood that every dog at this event is in the care and custody and control of his owner or handler during the entire time the dog is on the show premises.
